Submission Size

Submission size is the maximum allowable size of a submitted Final Year Project report measured as the number of pages or as the number of words, or both.

I, the undersigned, submit this FYP report with full knowledge that the maximum allowable number of pages, excluding report preamble (title page/s, abstract, acknowledgments, etc.), table of contents, any appendices and annexes, bibliography and reference list, is 60 (sixty) pages. Bibliography and reference list can have a maximum length of 15 (fifteen) pages, additional to the 60 (sixty) pages.

I am aware that any case to include pages exceeding the above-mentioned limits must be made through my supervisor at least one month prior to the date of my submission. Failing this, I understand that I will be given a maximum of 3 (three) working days in which to submit changes. I also understand that if I do not submit these changes on time, a 10 (ten) percent penalty will be applied to my final awarded mark. I also understand that if my final submission does not conform to the above-mentioned limits, it will not be accepted for marking.

I, the undersigned, also declare that I am aware of the FYP submission guidelines as listed on the Faculty of ICT web-site:
https://www.um.edu.mt/__data/assets/pdf_file/0017/208160/Final_Year_Project_Harmonisation_Guidelines.pdf , and that my work conforms to these guidelines.

Work submitted without this signed declaration will not be corrected, and will be given 0 (zero) marks.
